PETITION FOR RULEMAKING

On this the 11th day of May, 1993, Robert Carver and Frank White, D/B/A Carver-White Broadcasting Company, respectfully request the assignment of Channel 232A to the City of Norlina, in the State of North Carolina.

Carver-White Broadcasting Company commissioned a search of the FM band to locate a channel for Norlina, North Carolina. The results of the search showed that FM Channel 232A can be assigned to Norlina, North Carolina, without requiring a deletion or substitution in Section 73.202. Exhibit TE-1, which is attached and hereby incorporated, shows that Channel 232A can be located in Norlina.

The assignment of Channel 232A would be the first such assignment to Norlina and would provide the city with it's first audio broadcast service and an additional source of news and coverage of local events.

**Engineering Exhibit
Supporting the Assignment of
Channel 232A to Norlina, North Carolina**

I. INTRODUCTION

This engineering exhibit has been prepared to support the assignment of Channel 232a to Norlina, North Carolina.

II. DISCUSSION

In accordance with 73.207 of the Commission Rules "Minimum Separations between co-channels and adjacent channel stations on commercial channels", channel 232a and the three upper and lower adjacent channels along with the I. F. taboos were examined. The results of the examination are shown on Exhibit A and B

III. CONCLUSION

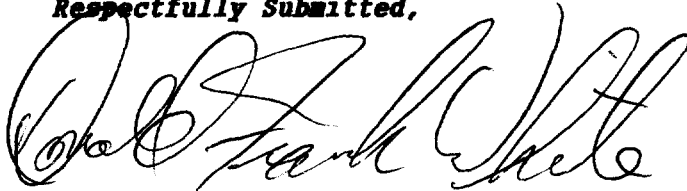

Channel 232a can be assigned to Norlina, North Carolina, in accordance with Section 73.207 without causing a deletion or substitution in the present table of allotments and will not cause harmful interference to any co-channel or adjacent channel assignment. As a result of the foregoing conclusions it is respectfully requested that Channel 232a be assigned to Norlina, North Carolina.

Re: Channel 232A

As a result of the foregoing, Carver-White Broadcasting Company respectfully requests the Commission to amend Section 73.202 to specify the assignment of Channel 232A to Norlina, North Carolina. Upon assignment Carver-White Broadcasting Company shall apply for a construction permit, and upon grant, shall promptly construct it's station.

Respectfully Submitted,
